

## 2.21.2019 & 3.7.2019 IL STATE FUNDING - GRANT WRITING WORKSHOPS

### Learn How to Apply for State Funding!

The Illinois Collaboration on Youth (ICOY) is hosting grant writing workshops to support agencies and programs in developing high-quality applications for Illinois Department of Human Service funded grants. These workshops will focus on:

- The application process as a whole
- Developing a winning application
- Navigating Illinois Grants Accountability and Transparency Act (GATA)

Because the state will release several Notice of Funding Opportunities for a variety of programs for FY20, the training will not focus on one specific application but rather discuss the process in general. The three competitive grants that we know will become available are Homeless Youth, Return Upon Release, and Community Youth Services. Information at these workshops will be applicable to all funding opportunities.

Register for the trainings on our website: <https://www.icoyouth.org/event-registration/event-calendar>
